Question 1: 15

Good.

Question 2: 20

- (b) You should analyze influence of N and K in the fitting accuracy.

Question 3: 15

Question 4: 25

- Your `getH` code is correct.
- But `splice` is wrong. The way you get the destined coordinates is wrong. Also, you should use bilinear interpolation. Take a look at the key. -2 pts
- It's also inefficient. -3 pts

Question 5: 20
